

# Connected Instructions

Prior to Downloading: Must be a PC, turn off sleep mode on your PC, turn off power save mode, turn off-screen saver

## Step 1: Download Connected Software

Must be a PC. (Note: Anti virus software and/or Windows firewall may ask "are you sure you want to download?" if so, Select "Yes") Once download is complete, select the "Connected" Desktop icon.

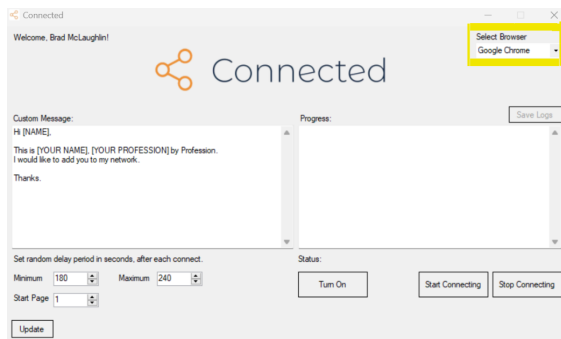

## Step 2: Input Login Credentials

Once the app has opened, a new window will pop up asking for your enter in your credentials. Enter info and click "Login."

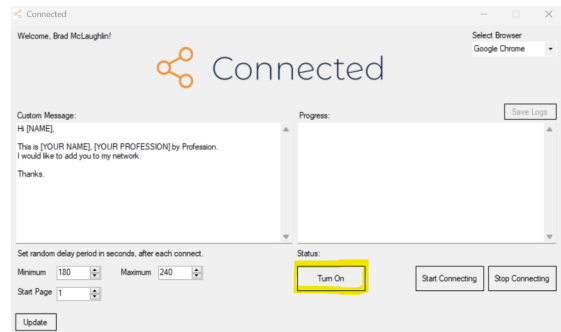

## Step 3: Select Your browser

Once logged in, select the internet browser. Note: FireFox is recommended.

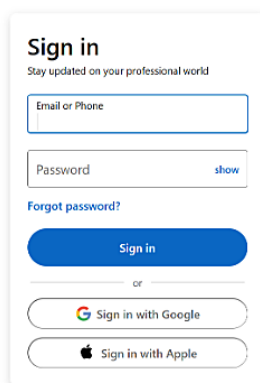

## Step 4: Click "Turn on"

Click "Turn On" which will open a new browser window to LinkedIn

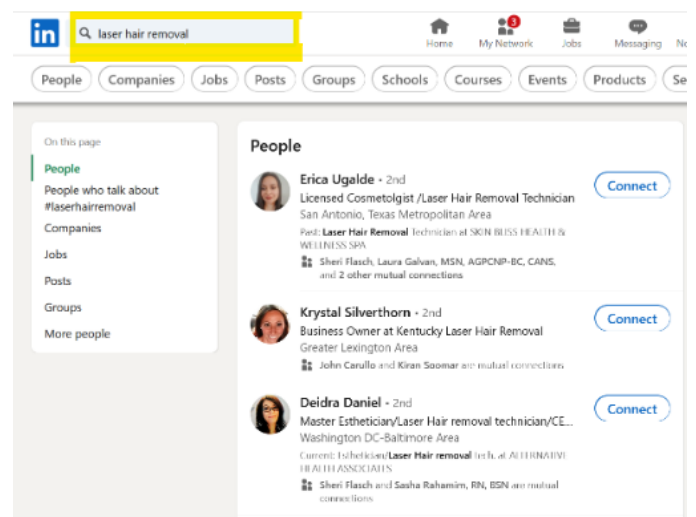

## Step 5: Sign In to Your LinkedIn

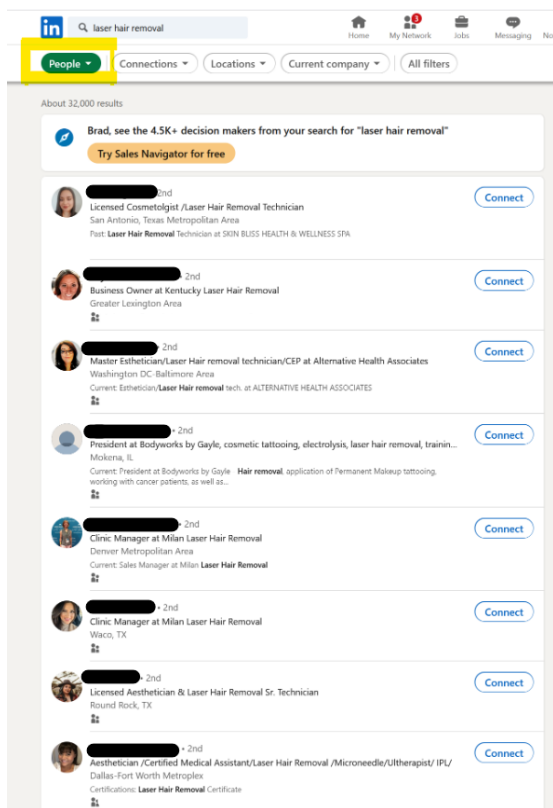

Sign in to your LinkedIn profile

## Step 6: Perform Search Criteria

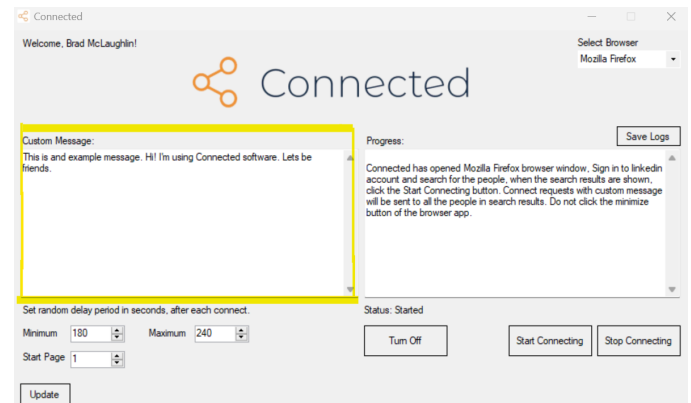

## Step 7: Select the "People" option

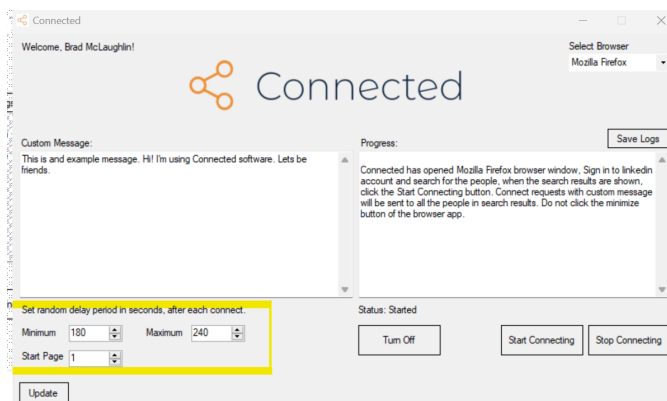

## Step 8: Write Custom Message

In your "Connected" window, type up a custom message. Note: must be 300 characters or less

## Step 9: Step the Timer

Set the timer in the same window. We recommend 180 seconds minimum and 240 seconds maximum.

## Step 10: Click "Start Connecting"
